What do equity-oriented practices look like in different community college contexts? Given the increasing role of the community college in realizing equitable outcomes for students, examples of what

practitioners are doing to move forward an equity agenda are urgently needed. The diverse perspectives and issues in these chapters explicitly advance an equity agenda and offer: Conceptual and empirical rationales to support equity-oriented practices, Examples of programming and practice that support the lives and livelihoods of underserved student populations, and Examples of policy, programming, and thinking that emphasize the role of the community college in expanding educational opportunity for underserved students. Driven by a change in thinking and imagination, these examples show how practitioners can—and should—tailor programming in light of larger patterns of inequality.
