In Book Four of her bestselling The Emerald Ballad Series, BJ Hoff continues to build the drama and excitement of her sweeping mid-19th century Irish American saga. In Ireland, poet, patriot, and schoolmaster Morgan Fitzgerald is locked in conflict with his closest friend's rebel son—who steals the heart of Morgan's adopted daughter. Among the streets of New York, Pastor Jess Dalton and his feisty wife, Kerry, continue to battle against poverty and persecution while taking the Gospel to both the powerful and the poor of the city. Readers will be swept into an epic tale of life and death, heartache and victory, all the while revealing the ancient, enduring glory of an entire people. About This Series: BJ Hoff's Emerald Ballad series was one of the most memorable series published in the 1990s. With combined sales of 300,000 copies, these beloved books found a place in the hearts of BJ's many fans. Now redesigned and freshly covered the saga is available again to a new generation of readers—and BJ's many new fans due to her highly successful Amish series, The Riverhaven Years—The Emerald Ballad series will once again find an enthusiastic audience. A young outcast gains remarkable psi-powers from a mysterious crown in this magnificent blend of space opera and epic fantasy quest. Jo Clayton opens wide the portals into an awe-inspiring galaxy of marvels and terrors with her Diadem Saga—an impressive combination of science fiction world-building and quest fantasy storytelling that rivals the classic works of Mercedes Lackey, Anne McCaffrey, Marion Zimmer Bradley, Andre Norton, and C. J. Cherryh—and introduces a “positive, aggressive, and interesting” heroine, the nomad Aleytys (Popular Culture). Within the breathtaking scope of her unique universe, “Clayton has the gift of creating believable aliens and alien worlds, and a lively, vivid, often lyrical style” (Science Fiction and Fantasy Book Review). Diadem from the Stars: Abandoned by her space-traveling mother and forced to flee her superstitious primitive tribe, Aleytys discovers an alien crown of unimaginable power. Once the

diadem's great energy is transferred to her, it becomes an integral part of who she is and will be. But the diadem is stolen property, taken from a vengeful arachnid race—and Aleytys just became the most wanted woman in a dangerous universe. Lamarchos: On the barbarous planet Lamarchos, Aleytys is determined to do what it takes to survive and protect her infant son, even stealing a cache of powerful poaku stones. But despite the awesome power of the diadem, Aleytys falls victim to a treacherous betrayal and is pursued by a horde of zombie-like aliens. Irsud: Drugged and sold into slavery by the villain who stole her infant son, Aleytys must now serve as the hive queen of an alien insect/humanoid race on the planet Irsud, acting as a host body for the queen's consciousness in a surgically implanted egg. With an enemy literally inside her, Aleytys must tap the power of the diadem to survive the ordeal and rescue her son. Savage barbarians enslave Aleytys, the wearer of the Diadem, as she sails the stars in her quest to find her truth and her history in this science fiction adventure. The second book in author Jo Clayton's phenomenal Diadem science fiction space opera series continues the adventures of Aleytys, blessed and cursed by an alien power that has both marked and altered her, as she crosses the galaxy on an epic fantasy quest that rivals anything imagined by Andre Norton or C. J. Cherryh. When she donned the Diadem, Aleytys was changed forever. An artifact of tremendous power, it has given her psychic abilities beyond her comprehension or complete control, while making her a target of the distant, dangerous alien race that created it. However, survival for herself and her infant son is Aleytys's first priority as she searches for a home and a history. Her quest has brought her to the barbarous planet Lamarchos, where she intends to aid her companions—the thief Miks Stavver, the native Kale, and the psychotic criminal mastermind Maissa—in the theft of a valuable cache of powerful poaku stones. Moving across the perilous alien landscape in the guise of a mystical healer, Aleytys cannot help but attract the attention of the local gods, who expect her to do their bidding. But neither godly intervention nor the Diadem's awesome power can prevent the treacherous betrayal that will leave Aleytys stranded on this wild and dangerous planet—or save her from capture by the terrible zombie-like horde bringing chaos and horror to their world. Ingeniously melding science fiction space opera with fantastic invention, alien worlds and technologies with epic quest adventure, Clayton has created a unique universe of wonders and terrors. With her extraordinary Diadem Saga, she joins such acclaimed masters as Anne McCaffrey, Mercedes Lackey, and Marion Zimmer Bradley in the pantheon of speculative fiction's most revered science fantasists. 'Evocatively written and charming' - Countryfile 'The January Man is a book that makes you want to pull on your boots, grab a map and get out there' - Country Life The January Man is the story of a year of walks that was inspired by a song, Dave Goulder's 'The January Man'. Month by month, season by season and region by region, Christopher Somerville walks the British Isles, following routes that continually bring his father to mind. As he travels the country - from the winter floodlands of the River Severn to the lambing pastures of Nidderdale, the towering seabird cliffs on the Shetland Isle of Foula in June and the ancient oaks of Sherwood Forest in autumn - he describes the history, wildlife, landscapes and people he encounters, down back lanes and old paths, in rain and fair weather. This exquisitely written account of the British countryside not only inspires us to don our boots and explore the 140,000 miles of footpaths across the British Isles, but also illustrates how, on long-distance walks, we can come to an understanding of ourselves and our fellow walkers. Over the hills and along the byways, Christopher Somerville examines what moulded the men of his father's generation - so reticent about their wartime experiences, so self-effacing, upright and dutiful - as he searches for 'the man inside the man' that his own father really was. Here is a completely revised, full-color second edition of the established go-to source for equestrian information. This comprehensive A-to-Z guide covers "everything horse" and

American Horse Publications Association's Equine Media Awards Winner *Traces* the life of the Jewish leader from his birth to the founding of the state of Israel and analyzes the reasons that underlay his conviction that only the immediate establishment of a Jewish national state would save the Jewish people from annihilation. Maggie wants a house with lots of light. I need one with character. And what we do have in common doesn't help either – we're both stubborn.' When Derek, a former TV journalist, and his partner Maggie decide to escape to the country, they don't opt for the simple life. Instead they set about converting an old Cotswold stables in Stow-on-the-Wold into their dream home. Over the next two years, they wage guerrilla war on the Planning Office, are cursed by everything from collapsing walls to poison gas and dozy apprentices, run out of money, and meet some very strange characters – till in its final stages of construction, the place unaccountably floods. Along the way, Derek takes a quirky look at what makes villages work, or not, in the twenty-first century. Haunted by the words of a friend who accused him of suffering from Lark Rise to Candleford syndrome, he investigates a dozen different villages. When it's over, Maggie and Derek survey *The Old Stables* with its ten metres of shimmering glass and exposed oak beams, and Maggie says, 'Next time, why don't we try something bigger?' An aging wizard and his apprentice venture into a world where magic has died, hoping to save it before the same fate befalls their own. Jaldis does not believe it at first. When the old wizard—blind, tongueless, able to see and speak through magic alone—peers into the Void between dimensions, he sees something terrible: a world where magic is dead, and whose inhabitants scream for someone to rescue them. Such a place must be studied, for if it is possible to kill magic, then that terrible fate could threaten his own world, too. With the help of his apprentice, Rhion, the wizard prepares for the treacherous crossing. To make the journey, they must withstand the hatred that their own world has for magic—a powerful force that the ignorant would wipe out if they could. Strange as it may seem, it is in fact true, and their rediscovery is setting the literary world alight. Names such as Gaito Gazdanov and Vasily Yanovsky have excited great interest in Russia, and with stories of gambling, drug abuse, love, death, suicide, madness, espionage, glittering high society and the seedy underworld of Europe's capitals, their appeal

is extremely broad. Many of these writers' works are only now being published in Russia for the first time, alongside those of leading contemporary authors - and to great critical acclaim. And we aren't just talking about two or three obscure authors; there are, quite literally, dozens of them. A saga of a divided family and the unwanted child who reunites them. *Honesty's Daughter* is a compelling saga from Wendy Robertson that reaches out from Durham to Colorado Springs to wartime France, and links the lives, passions, tragedies and triumphs of a troubled family. Perfect for fans of Josephine Cox and Rosie Goodwin. Robertson handles skilfully a transitional world in which both values and people change. A heart-rending tale of love and hardship' - Lancashire Evening Post Carmel Benbow's first love has always been her garden and, since her husband's death, little else has occupied her. But her children, long-starved of a mother's affections are suffering. Seventeen-year-old Michael John is a vicious bully, his younger brother, Ambrose, his primary target, and Astrid, the eldest, is embroiled in a highly unsuitable affair. As the First World War approaches, the family is on the verge of disintegration, but help comes from an unusual source. Keziah, a lifelong friend, traveller and horse-dealer, uses her controversial magic on the family, but will her influence be enough to rescue Michael John from himself, Ambrose from Michael John and Astrid from her lover? What readers are saying about *Honesty's Daughter*: 'This is a [well] rounded story with a lovely flavour of Co. Durham' 'The characters are delightful' 'A very warm read - five stars' Rivalry in love and battle in this historical adventure set in the English Civil War In the late autumn of the first year of the English Civil War, William Sparrow and Hugo Telling are again caught up in the impossible confusion tearing the country and their lives apart. Yet this time their greatest battles, fought on both land and sea, are with a new enemy, Lord Clavincale. As they struggle through the bitterly cold Dorset winter, their hard-won experience is enough to lead their men, but never equal to capture the most alluring prize of all, Bella Morrison; especially when there is new competition for her hand... The fourth instalment of *The Shadow on the Crown* series, *Harvest of Swords* is perfect for fans of Bernard Cornwell and David Gilman. 'Ringing to the clash of blades and the roar of cannon and pungent with the whiff of gunpowder ... a storming read' Peterborough Evening Telegraph 'Carter's stories are in a league of their own' Bristol Observer Gypsies have always intrigued and fascinated - partly because of their mysterious origins, and partly because of the romance of nomadism. But because they resist assimilation, having survived as a distinct people for over a thousand years, they have also been the victims of other people's nationalism and xenophobia. In this fascinating and timely study, Fonseca focuses particularly on the gypsies in Eastern Europe (an estimated 6 million), and their future as a distinct race within a nationalist Europe. While researching the book, Fonseca learned Romany and stayed with the gypsies, becoming deeply involved with their lives, and befriending several gypsy kings. The result is a colourful and frank book, filled with enthusiasm and curiosity, without lapsing into piety or romanticism. A story of a young man's return home to learn that he has not only inherited his father's genes but has found love with a long lost cousin. ?In this the seed of chaos thrives...? The dust from the battle against Razmus has only begun to settle, and on Gaia, Annetta Severio tries to come to grips with her new status amongst its citizens, as well as the losses she has suffered along the way. There is no time for the healing of wounds, however, when a mysterious illness takes hold of the Prince of Gaia, forcing her to return to Earth in search of answers. Reunited with her best friend Jason Kinsman, as well as the other inhabitants of Q-16, her goal is further complicated when an old nemesis of the Four Forces threatens one of the allied powers. Elsewhere an evil stirs, one which vows to end not only Earth, but the existence of all life. Its awakening will bring about a chain of events that will change the lives of Annetta and her friends forever. "The Owls' House" presents a fast-paced historical family

saga set in 1752 Cornwall. It's an action and adventure story with its plot partly moving abroad after a nautical adventure. A must-read tale with lifelike characters and a gripping storyline. "Some women can touch a man and heal like Jesus. The man who sees sunrise from a Belle woman's bed will swear he's been born again." So begins Paula Wall's funny, poignant, and sexy novel, *The Rock Orchard*. Musette Belle could lay her hand on a baby's heart and see his life as if he'd already lived it. Even in death, she continues to shock the good citizens of Leaper's Fork, Tennessee, and her descendants are doing their best to carry on her legacy. Angela Belle, a haunting and beautiful siren, lures every man she meets into greatness, while her illegitimate and very independent daughter, Dixie, serves tea and vanilla wafers to the statue of the Confederate soldier she believes is her father. But when Charlotte Belle, a woman who would rather spend the night with Jack Daniel's than any man she knows, seduces a stranger in the cemetery, it not only transforms the two people involved but the entire town. Blending sensuality, wisdom, and wry wit to create a truly unique love story, *The Rock Orchard* is about the strength of community, the might of God, and the ultimate power of extraordinary women. The author takes you on her personal journey to fulfill a childhood dream. One that leads to a redirection of her life, and the beginning of helping introduce, preserve and promote a rare new breed of horse - The Gypsy Vanner Horse.

David Herbert Lawrence (1885-1930) was an English novelist, poet, playwright and literary critic, one of the key writers of the early twentieth century, most famous for his criticism of rationalism and industrialization. Considered a masterpiece, "The Virgin and the Gipsy" is one of most electrifying short novels, demonstrating the author's approach to sexuality and morality. The book tells the story of a young English girl from the countryside, who wants to find something thrilling beyond her ordinary life. When she meets a handsome young gypsy whose life appears different from hers in every way, she is immediately intrigued and at the same time frightened by new feelings. Includes American Farrier's Association newsletter. The narrator recounts his journey to Leningrad as the story of the 1867 travels of Fyodor Dostoyevsky and his new wife, Anna Grigoryevna, also unfolds.

Dreagen the Blood Chronicles When the prophecies of the ancient ones invade the reality of the modern world, a young woman is thrust headlong into her destiny. Gabi always considered herself a plain Jane, but levelheaded and very grounded until her dream job opportunity brought her to the Scottish Highlands on the cliffs of Bengill. Dunn Reagan Castle rose above the cliffs like a great stone giant, dreadful and menacing in all its rugged beauty. Little did Gabi know this stone fortress would hold the key to unlock her fate, written in the stars. Prophecy of Roddin Sax--through the heart of the Royal, blood becomes stone, stone becomes blade, blade rewrites destiny. This book is called 100 First Pages because that's what it is. Each page in the book is 'supposed' to be the first page of a novel. Next to that page, on the left, are my comments about how the novel might go, along with some of my personal thoughts on the 'subject'. Titles originally published in 2009. They were laying for Clay Belden when he came out of the pass into the Wildhorse Valley. He didn't see them. He didn't know they'd be there. He didn't think they would remember him. But they were waiting, with their rifles neatly trained from the rocks, and their fingers tight on the triggers. The first shot was a warning. The second sent Clay rolling on the ground looking for cover. The third shot was Clay's. And though he never saw at whom he was shooting, he knew then it was to be war to the finish. War between one lone drifter who didn't know his enemies - and a raft of sharp-eyed triggermen who kept his features neatly framed in the long-range sights of their saddle-guns. As environmental history has developed as growing sub-discipline within the study of history, great emphasis has been placed on the importance of adopting an interdisciplinary approach. Indeed, as Environmental History in East Asia shows, by drawing on research and methodologies from the fields of science, technology, geography, geology and ecology, we are able to develop a much richer understanding of a region's history. This book provides a comprehensive examination of environmental history in East Asia, ranging temporally from the Ming dynasty to the 21st Century and spatially across China, Japan and Taiwan. Split into four parts, the chapters cover a wide range of fascinating topics, comparing environmental thought and policy in the East and West, the transformation of the landscape, land resource utilization and impact of agriculture and disasters and diseases across the region. A diverse selection of case studies are used to illustrate the

chapters, including the role of Daoism, Qing pasturelands and 21st century swine flu. Truly interdisciplinary in approach, this book will be of huge interest to students and scholars of Asian environmentalism, environmental history, Asian anthropology, Asian development studies and Asian history more generally. ?A family saga follows the fortunes of John and Teresa Penhale and their two children Ortho and Eli in a rip-roaring adventure sweeping across Cornwall, Morocco and the high seas Book 3 in the Spikes & Spurs Series He's One Hot Cowboy...And She's Out For a Sizzlin' Christmas Raylen O'Donnell is one smokin' cowboy.
